

Amendment Dated 21 June 2006
Responsive to Communication 21 June 2006

Application Number 10/775,465
Art Unit 3743, Examiner Lopez

2. On page 17 of the specification, replace paragraph [49] beginning on line 1 and ending on line 4 with the following paragraph:

Although a preferred embodiment of the spacer has been described as having first and second bodies or chambers with a conical geometry, the spacer 10 can also be configured with elliptical bodies ~~16, 18 and chambers 116, 118 as shown in Fig. 18~~ or oblong bodies ~~16, 18 and chambers 116, 118 as shown in Fig. 19~~.

Amendment to the Drawings:

Figures 18 and 19 from the drawings are cancelled as indicated by the following annotated drawing sheets.

Respectfully submitted,
